

# DR /PvDC IaaS #CloudMTS

IaaS #CloudMTS PvDC (Provider virtual Data Center).

## DR /PvDC IaaS #CloudMTS :

- 
- vCloud Availability , DR (vCPU, vRAM, vHDD)
- Organization Administrator

-, VM.

, :

- testforfaq ( - -)
- MTS-Demo01 ( - )
- vCloud Availability VM
- Organization Administrator

## DR /PvDC IaaS #CloudMTS:

- vCloud Availability HTML- Organization Administrator
- **vCloud Availability** vCloud Director

The screenshot shows the vCloud Director web interface. The top navigation bar includes the 'vm' logo, 'vCloud Director', a hamburger menu icon, and 'vCloud Availability (78)'. The left sidebar contains navigation items: 'testforfaq@78', 'Incoming Replications from Cloud from On-Prem', and 'Outgoing Replications to Cloud'. A dropdown menu is open from the hamburger menu, listing 'Datacenters', 'Libraries', 'Administration', 'Tasks', 'Events', and 'vCloud Availability (78)'. The 'vCloud Availability (78)' item is highlighted with a red rectangular box.
